"I have driven cars for ten years. I have owned all kinds. Until I drove my Chalmers-Detroit Inside Drive Coupe I did not know real motoring luxury. Now that I know the service and value it gives I would cheerfully pay \$5,000 for it if it were the price. I have never known a car like it and I would not be without it for anything."

That is what one of our owners said to us. Come in and see the Inside Drive Coupe he said it about and you will understand why.

PRESIDENT MCGOWAN TO OPEN PALACE SHOW.

Mayor McCallen Names Head of Board of Aldermen to Represent City and Make Welcoming Address on New Year's Eve—The Building Is Ready.

President McGowan of the Board of Aldermen, who will be acting Mayor on the last day of the year, will formally open the annual show of the American Motor Car Manufacturers Association, which opens on New Year's eve in Grand Central Palace. President McGowan has been delegated to represent the city by Mayor McCallen and this winter's show will be the second Palace affair that has been thus honored by the city government. Mr. McGowan will deliver the address of welcome at 8 o'clock on Friday night and turn over the freedom of the city to the visiting automobile manufacturers and dealers.

Members of the show committee of the American Motor Car Manufacturers Association were received at the City Hall by Mayor McCallen, who acknowledged that such a large international industrial exhibition as the Palace show should receive official recognition from the city government. He promised the members of the committee that he would send a representative if he was unable to be present in person. He had intended to open the show himself, but prevailed on President McGowan to open the show when he found he would have to be out of town on Friday.

It has been arranged by acting Mayor McGowan and General Manager Alfred Deane, that the former will be escorted to the show by the entire show committee, who will meet Mr. McGowan at his residence, where he will act as the escorting party. He is Chairman R. E. Olds, Benjamin Briscoe, H. O. Smith, S. H. Moore, E. R. Hollander, representing the automobile industry, and Charles J. Letts, one of the leading automobile firms of London, who is to attend the show. Mr. Letts, who was a pioneer in the automobile business and who was one of the first Englishmen to introduce American cars in his country, said yesterday:

"American machines have made good abroad and there is a big demand now for cheap, moderate priced cars everywhere. I look for a rapidly increasing foreign demand for our cars."

If all meet with your motor car, if you will retain this trade, however, and care must be taken to supply the people abroad with the kind of cars they want and not the sort of cars middle West manufacturers think they want. It is also necessary that agencies be established with well known firms, who have secured agencies with sufficient parts, sold at a moderate price, in care of their customers."

In the Grand Central Palace will be glad to hear that the work of transforming the Palace into a motor show is well advanced. The exhibits to have been taken to the building as quickly as possible to avoid much confusion to-morrow, when many of the late comers will be getting their exhibits into the place.

Frederick D. Underwood, chairman of the banquet committee of the automobile club of America, announces that several
